News Briefs

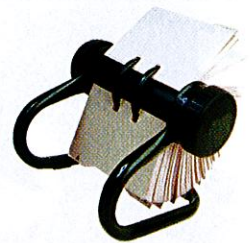

Phone Number Update

In order to best serve our members, Renville-Sibley requires accurate telephone contact information. In times of high after hours call volume, such as during an electrical outage, we use your phone number to automatically route your call. All phone numbers Renville-Sibley has on file for your account will be printed on your October and November electric statement. Please review these numbers to verify Renville-Sibley has your correct contact information. If the numbers listed are incorrect, please contact the office with the correct information. Cell phones as well as land line phone numbers can be listed.

This information is used to ensure ex-

cellent customer service and will NEVER be given out to any telemarketing organizations.

The information that you provide is to allow us to serve you better and is kept in strict confidentiality. If you have any questions regarding this request, please call our office during normal business hours at 320-826-2593 or 800-826-2593. You may also e-mail your correct numbers to us at renville-sibley@renville-sibley.coop. Thank you for your assistance.

Is Electricity the Main Heat Source in Your Home?

The Minnesota Legislature passed a law effective March 31, 1978, which provides that electricity sold to residential users where electricity is the main heat source (more than 50 percent) are exempt from Minnesota Sales Tax for the billing months of November through April. All electricity used through the same meter, whether used for heating purposes or not, is exempt for the six-month period.

If you qualify under these conditions, a separate Minnesota Sales Tax Exemption Certificate (ST3) must be completed for each qualifying location. Sales tax will not be exempted unless this form is filled out and returned to our office.

Members who receive a tax exemption when electric heat is not their primary source of heat are in violation of the sales tax law. Please notify us if you change from electric heat to a different primary heating source. 7720.01

If you have any questions, feel free to give our office a call at 320-826-2593 or 1-800-826-2593.

Renville-Sibley's 75th Anniversary

Now that the harvest is done and more time is spent indoors, here's an idea on what you can do. Plug in that coffee pot and dig out all your old photos.

Renville-Sibley is looking for pictures of the early days of the cooperative. If you have a picture you are willing to share, please mail it to the cooperative's office at PO Box 68, Danube, MN 56230. Please include any information about your picture (i.e. where it was taken, who is in the picture, any memory

to go with the picture, etc.).

If you would like the picture returned, please include that information with the picture. These pictures and memories may be part of the 75th anniversary booklet or a special presentation shown at our 75th annual meeting.
